# Enjoy your music wherever you go

Enjoy listening to music from the compact Philips all-in-one portable speaker. Simply choose your music source, from Bluetooth wireless streaming, FM radio, audio-in, USB or an SD card! A built-in rechargeable battery means music everywhere

### Play it all
- Stream music from any smartphone wirelessly via Bluetooth™

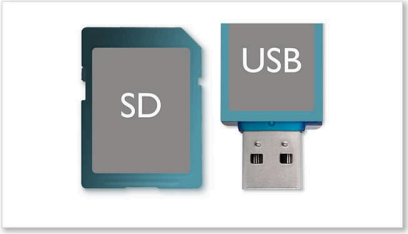

### Enjoy your music from multiple sources
- FM tuner for radio enjoyment
- Audio-in for easy portable music playback
- USB Direct and SD card slot for MP3 music playback

### Easy to use
- Clear and bright LED display

### Advanced versatility
- Built-in rechargeable battery for music playback anywhere

# Highlights

### USB Direct and SD card slot

USB Direct and SD card slot for MP3 music playback

### AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

### Stream music via Bluetooth™

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video wirelessly on this speaker easily.

### Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.

## Warning

- Never remove the casing of this product.
- Never lubricate any part of this product.
- Never place this product on other electrical equipment.
- Keep this product away from direct sunlight, naked flames or heat.

- Read these instructions.
- Follow all instructions.
- Do not use this apparatus near water.
- Do not block any ventilation openings.
  Install in accordance with the
  manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Only use attachments/accessories specified by the manufacturer.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- The battery shall not be exposed to excessive heat such as sunshine, fire or the like.
- Apparatus shall not be exposed to dripping or splashing.
- Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lighted candles).

## Note

- The type plate is located on the bottom of the apparatus.

# Your Portable Speaker

Congratulations on your purchase, and welcome to Philips! To fully benefit from the support that Philips offers, register your product at www.philips.com/welcome.

## Introduction

- In FM mode, press and hold for two seconds to search FM radio stations automatically.

⑧ EQ
- Select different sound effect mode.

⑨ SOURCE
- Select an audio source.

⑩ Charging indicator
- LED turn light during battery charged

⑪ Display panel
- Show current status.

⑫ FM antenna
- Improve FM radio reception.

⑬ DC 5V
- Recharge the built-in battery.

# Get started

Always follow the instructions in this chapter in sequence.
If you contact Philips, you will be asked for the model and serial number of this apparatus. The model number and serial number are on the bottom of the apparatus. Write the numbers here:

Model No. _____
Serial No. _____

## Power supply

The product is operated on the built-in rechargeable battery.

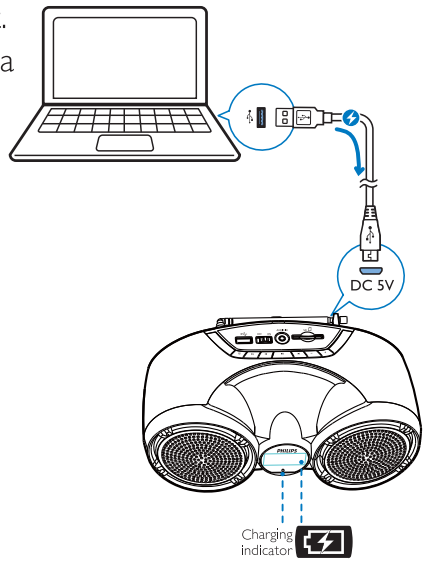

**Note**

- Rechargeable battery has a limited number of charge cycles. Battery life and number of charge cycles vary by use and settings.

**To recharge the built-in battery:**

Connect the supplied USB cable to:

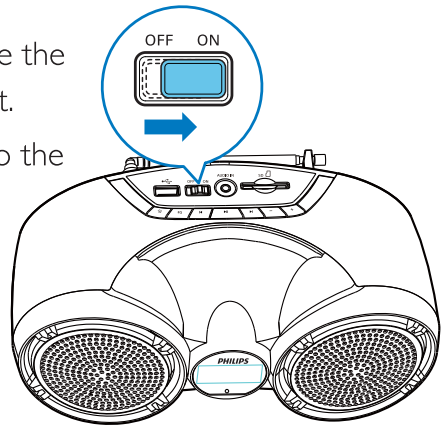

- the **DC 5V** socket on the back of the product.
- the USB socket on a computer.

| Battery status | Battery icon ( ) behavior |
|---|---|
| Low battery | Flashing |
| While charging | Charging indictor on |
| Fully charged or charging stopped | Off |

## Turn on or off

- To turn the product on, slide the **OFF/ON** switch to the right.
  ↳ The product switches to the last selected source.
- To turn the product off, slide the switch to the left.

### Switch to ECO standby mode

In SD, USB, Audio-in, or Bluetooth mode, the product switches to ECO standby mode automatically in the following situations:

- Music playback is stopped for 15 minutes;
- There is no Micro SD card, USB device or Audio-in cable connected for 15 minutes; or
- Bluetooth connection is disconnected for 15 minutes.

**To return to the SD/USB/Audio-in/Bluetooth mode:**

- Press ▶❚❚ to resume playback; or
- Slide the switch to turn the product off first, then turn it on.

## Select a source

Press **SOURCE** repeatedly to select an audio source: FM tuner, USB, SD card, Bluetooth, or AUDIO IN.

# Bluetooth Operating Instruction

With this product, you can listen to audio from Bluetooth-enabled devices.

## Connect a device

Note

- Make sure that your Bluetooth device is compatible with this product.
- Before pairing a device with this product, read its user manual for Bluetooth compatibility.
- Make sure that Bluetooth function is enabled on your device, and your device is set as visible to all other Bluetooth devices.
- Any obstacle between this product and a Bluetooth device can reduce the operational range.
- Keep away from any other electronic device that may cause interference.
- The operational range between this product and a Bluetooth device is approximately 10 meters (30 feet).

1 Press **SOURCE** repeatedly to select Bluetooth source.
   ↳ **[bt]** flashes on the display.
2 Press and hold **PAIRING** for 3 seconds to enter Bluetooth pairing mode.
3 On your Bluetooth device, enable Bluetooth and search for Bluetooth devices (refer to the user manual of the device).
4 For pairing with mobile phone or other Bluetooth devices, search the device named “Philips AT11” and pair it.
   If necessary, enter default password “0000”.
   ↳ After successful pairing and connection, the product beeps, and **[bt]** stops flashing.

**To disconnect the Bluetooth-enabled device:**

- Press and hold **PAIRING** for 3 seconds;
- Disable Bluetooth on your device; or
- Move the device beyond the communication range.
  ↳ The product beeps, and **[bt]** begins to flash.

**To reconnect the Bluetooth-enabled device:**

- When this product enters Bluetooth mode, it will reconnect the last connected device automatically; or
- On your Bluetooth device, select **"Philips AT11"** on your Bluetooth menu to start connection.

**To connect another Bluetooth-enabled device:**

1 Press and hold **PAIRING** for 3 seconds to disconnect the currently connected device.
   ↳ The product enters Bluetooth pairing mode.
2 Connect another Bluetooth device.

## Play from Bluetooth device

After successful Bluetooth connection, play audio on the Bluetooth device.

↳ Audio streams from your Bluetooth device to the product.

# Play

## Play from an SD card or USB device

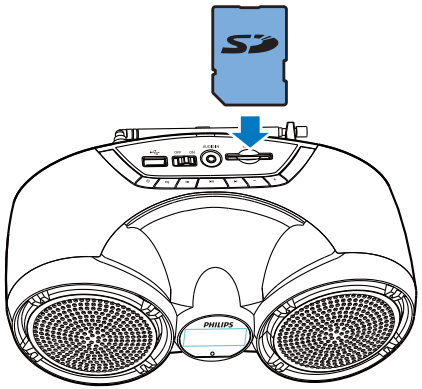

Note

- Make sure that the USB storage device or SD card contains playable audio content.

### Play from an SD card

1 Press **SOURCE** repeatedly to select the SD card source.
↳ **[SD]** is displayed.

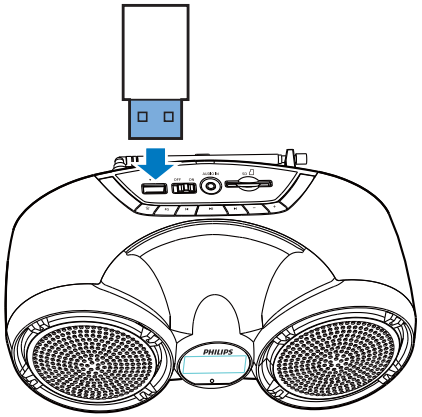

2 Insert an SD/SDHC card into the card slot.
↳ Play starts automatically.

### Play from a USB storage device

1 Press **SOURCE** repeatedly to select the USB source.
↳ **[USB]** is displayed.

2 Insert the USB device into the ⇠ socket.
↳ Play starts automatically.

### Control play

In USB or SD mode, follow the instructions below to control play.

| Button | Function |
|---|---|
| ⏮ / ⏭ | Press to skip to the previous or next track. Press and hold to fast forward or fast reverse the track during playback, then release to resume play. |
| ▶II | Press to start, pause, or stop play. |

| Button | Function |
|---|---|
| ED | Press repeatedly to select a EQ effective: |

- [drc]: Dynamic range compensation.
- [nor]: normaly dynamic.
- [POP]: Pop sound.
- [ROC]:Rock and Roll.
- [JAZ]: Jazz
- [Cut ]: Standard effective (Default EQ).
- Noticed: FM without EQ feature.

# Play

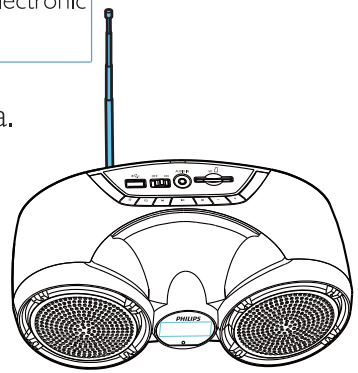

## Listen to FM radio

### Tune to FM radio stations

Note

- Keep the product away from other electronic devices to avoid radio interference.

1 Fully extend the FM antenna.

2 Press **SOURCE** repeatedly to select FM tuner source.

3 Press and hold ⏮ / ⏭ for two seconds.
↳ The product tunes to a station with strong reception automatically.

4 Repeat step 3 to tune to more radio stations.

### Store FM radio stations automatically

Note

- You can store a maximum of 20 preset radio stations.

In FM tuner mode, press and hold ▶❚❚ for two seconds.
↳ All available radio stations are stored automatically, then the first stored radio station is broadcast.

### Select a preset radio station

In tuner mode, press ⏮ / ⏭ repeatedly to select a previous/next preset station.

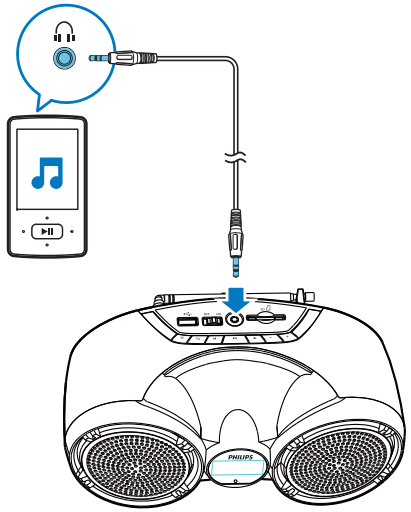

## Play from an external device

With this product, you can listen to an external audio device such as an MP3 player.

1 Press **SOURCE** repeatedly to select AUX source.

2 Connect an audio input cable with a 3.5 mm connector on both ends to
- the **AUDIO IN** socket on the product.
- the headphone socket on an external device.

3 Play audio on the device (refer to its user manual).

## Adjust volume

During play, press **-/+** to increase or decrease volume.

Tip

- You can press and hold **-/+** for 2 seconds to increase or decrease volume continuously.

# Product information

Note

- Product information is subject to change without prior notice.

## Specifications

### Amplifier

- Number of albums/ folders: maximum 99
- Number of tracks/titles: maximum 999
- File name in Unicode UTF8 (maximum length: 16 bytes)

# Troubleshooting

**Warning**

- Never remove the casing of this device.

To keep the warranty valid, never try to repair the system yourself. If you encounter problems when using this device, check the following points before requesting service. If the problem remains unsolved, go to the Philips Web page (www.philips.com/support). When you contact Philips, make sure that the device is nearby and the model number and serial number are available.

### No power

- Recharge the battery.

### No sound or poor sound

- Adjust volume on this product.
- Adjust volume on the connected device.
- Check if you have selected the correct audio source.

### No response from the product

- Turn on the product.
- Recharge the battery.
- Turn the product off first, then turn it on to activate the product from standby mode.

### Poor radio reception

- Increase the distance between the product and other electrical appliances.
- Fully extend and adjust the position of the FM antenna.

### USB device not supported

- The USB device is incompatible with the unit. Try another one.

## About Bluetooth device

### The audio quality is poor after connection with a Bluetooth-enabled device.

- The Bluetooth reception is poor. Move the device closer to this product or remove any obstacle between them.

### Fail to search out AT11 on your device for pairing.

- Press and hold **PAIRING** for three seconds, and then try again.

### Cannot connect with the device.

- The Bluetooth function of the device is not enabled. Refer to the user manual of the device for how to enable the function.
- This product is already connected with another Bluetooth -enabled device. Disconnect that device and then try again.

### The paired device connects and disconnects constantly.

- The Bluetooth reception is poor. Move the device closer to this product or remove any obstacle between them.
- For some devices, Bluetooth connection may be deactivated automatically as a power-saving feature. This does not indicate any malfunction of this product.

# Notice

Any changes or modifications made to this device that are not expressly approved by Gibson Innovations may void the user's authority to operate the equipment.

## Care of the environment

### Disposal of your old product and battery

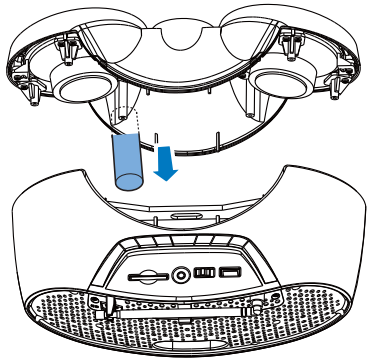

We strongly advise you to take your product to an official collection point or a Philips service centre to have a professional remove the rechargeable battery. Inform yourself about the local separate collection system for electrical and electronic products and rechargeable batteries.

Follow local rules and never dispose of the product and rechargeable batteries with normal household waste. Correct disposal of old products and rechargeable batteries helps prevent negative consequences for the environment and human health.

**Caution**

- Removal of the built-in battery invalidates the warranty and may destroy the product.

Always bring your product to a professional to remove the built-in battery.

### Environmental information

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into three materials: cardboard (box), polystyrene foam (buffer) and polyethylene (bags, protective foam sheet.) Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.
