

ALTO 7

2.0 Channel Sound Bar with Built-in Subwoofer Performance

Key Features:

Finely tuned premium sound

Specialized sound modes

Wireless music via Bluetooth

HDMI ARC

All cables included

Ideal for 55" TV and above

IR Pass-through

Stunning sound. Made simple.

Alto 7 delivers stunning sound with a quick, easy setup. The sound reverbering from Alto 7 has been specially tuned to deliver what the artist intended, delivering loud and clear sound. Powered by 4 discrete high-performance acoustic drivers plus 2 deep bass ports, the Alto 7 with integrated subwoofer performance delivers exceptionally natural sound quality, from the highest highs to the deepest lows. Enjoy your favorite entertainment even more with three distinct listening modes – Movie, Music, and News. The Movie mode lets you hear the dialogue with precise clarity and feel the impact of punches or explosions in intense action scenes. Music mode enables you to hear instruments, vocals, and bass with pristine accuracy. Finally, News mode isolates ambient sound from speech, enabling you to focus on content without getting distracted by

background noise. Furthermore, Alto 7 is equipped with Bluetooth for easy wireless music streaming.

Superb sound quality has been matched with a hassle-free setup. Along with set up instructions, Alto 7 comes with all the cables that you would need to get started. Alto 7 comes with an IR pass-through cable, allowing you to access your TV from the TV remote, irrespective of sound bar placement. Additionally, wall mounting is made easy with the included kit, complete with a mounting template to ensure that you get it right the first time. When Alto 7 is setup, control it using any TV remote for ease of use and to reduce clutter (when connected to TV via HDMI ARC).

Product Highlights

Ultimate Movie Experience

The established standard for home theater experience for audiences around the world

Stream Music Wirelessly

Stream music wirelessly from your favorite bluetooth device

Made simple
