Safety Guidelines

In order to achieve maximum safety while using boAt IM 300, we suggest following guidelines:

- If you have trouble operating the device and troubleshooting doesn't work, unplug the device and contact boat customer support
- Do not try to fix the device by yourself anytime (doing so will void your warranty)
- Keep the device away from liquid, humidity and moisture.
- Listening to excessively loud volumes over extended periods of time can damage your hearing. We recommend that you reduce the volume to a comfortable level when listening for prolonged periods of time. Take good care of your hearing.

Maintenance and Care

The boAt IM 300 requires minimum maintenance to keep it in the best condition. Once a month we recommend you unplug the device from the computer and clean it using a soft cloth or cotton swab.
