

TRANSFORM WIRED SOUND INTO WIRELESS.

Bowers & Wilkins

FORMATION **AUDIO**

The ultimate setup of a traditional Bowers & Wilkins sound system, for decades, has been the definition of high-fidelity sound. Now, the uncompromising Bowers & Wilkins audio heritage is married with 21st-century streaming convenience due to the new Formation Audio. It finally enables high-quality wireless streaming to your existing passive system or from existing passive components – CD player, turntable, or other pieces – to wireless Formation speakers, anywhere in the home. Our analogue-to-digital converter ensures there are no lag or breaks in sound, even between rooms, while 96/24-bit streaming maintains legendary Bowers & Wilkins sound resolution. Just think – existing passive sound system quality, now synced to stream anywhere, wirelessly. It is why Formation by Bowers & Wilkins is the Highest Form of Sound™.

| Weight | 1.0kg (2.2 lb) |
| AirPlay 2 compatibility | iPhone, iPad, and iPod touch with iOS 11.4 or later, Apple TV 4K or Apple TV (4th Generation) with tv OS 11.4 or later, Mac or PC with iTunes 12.8 or later. |

*Formation products create a mesh network. Each product in this network dynamically chooses the optimal path to route audio-data between products, in order to ensure a robust streaming experience. We have therefore certified Formation products for High Network Availability (HiNA) and conform to the appropriate power requirements set out in the ERP directive.
