Set Media Output:
Once both devices are connected, go to the media output settings on your source device.
Select both ACwO DwOTS Fire Prime and ACwO DwOTS Fire* + as your output devices. Prime + as your output devices.

03

Individual Connectivity (Using Both Fire Prime & Fire Prime + On Different Device)
You can enjoy individual connectivity on any device.

Safety Guidelines:

- Please refrain from dismantling the product or attempting to remove its battery. Such actions can pose a fire hazard or cause electrical malfunctions. Seek the services of a qualified technician or the manufacturer for any necessary maintenance or repairs.

- When cleaning the earbuds, exercise caution by using a damp, soft cloth. Avoid using any oily or volatile liquids for cleaning purposes. Additionally, ensure that the earphones are kept away from extreme temperature conditions, both hot and cold.

- Please be aware that any damage to the earbuds that is not attributed to a manufacturing defect will render the product's warranty null and avoid.

- Do not wear them in situations where it is unsafe, such as when operating a vehicle, crossing streets, or engaging in activities requiring full situational awareness.

- To safeguard your hearing, ensure that the volume on your music player is set at an appropriate level when using the earphones. Prolonged exposure to high noise levels can gradually lead to hearing impairment.

- Do not wear the earbuds for a long period of time as it can lead to possible hearing loss or major hearable issues.

ACwO DwOTS Fire Prime

Kindly Note:

- Please take off the sticker peels attached below the ear-buds before you charge them.

- Charge the charging case and the ACwO DwOTS Fire Prime Wireless Earbuds at least 70% before the first usage.
