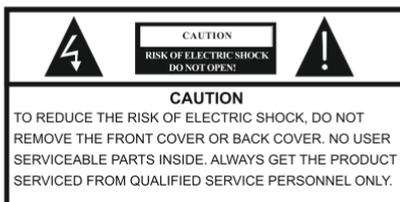

Illustration in this manual are provided for reference only and may differ from actual product appearance. Product design and specification may get changed without notice.

IMPORTANT SAFETY INSTRUCTIONS

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this product near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings.
- 8) Do not install this device near heat sources such as radiators, stoves or any other device that produce heat.
- 9) Do not defeat the safety purpose of the polarized plug. If the provided plug does not fit into your power outlet, consult an electrician for the replacement of the absolute outlet.
- 10) Protect power cord from being walked on or pinched, particularly at plugs, convenience receptacles and the point where they exit from this device.
- 11) Only use attachments/accessories specified by the manufacturer.
- 12) Unplug this device during lightning storm or when unused for long period of time.
- 13) Refer all servicing to qualified service personnel. Servicing is required when the device has been damaged in any way such as, power cord or plug is damaged, liquid has been spilled or objects have fallen over this device, the device has been exposed to rain or moisture, does not function normally or has been dropped.
- 14) Mains plug is used as the disconnect device, it shall remain readily operable.
- 15) The ventilation should not be blocked by any means such as newspaper, table clot, curtains etc.
- 16) No naked flame sources such as candles should be placed on device.
- 17) Attention should be drawn to the environmental aspects of battery disposal. (Refer E-waste guideline)
- 18) If mounted on stand, ensure the device is kept on horizontal surface.

This marking indicates that this product should not be disposed with other household wastes (Refer E-waste guidelines). To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use return and collection system or contact retailer where the product was purchased. They can take this product for environmental safe recycling.

This symbol indicates that dangerous voltages constituting a risk of electric shock are present within this unit.

This symbol indicates that there are important operating and maintenance instructions provided in the user manual given with this unit.

WARNING

To reduce the risk of fire or electric shock, do not expose this device to rain or moisture.

WARNING

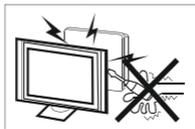

The batteries shall not be exposed to excessive heat such as radiators or fire.

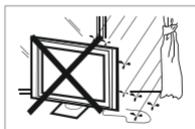

This symbol indicates that this product incorporates double insulation between hazardous mains voltage and user accessible parts. While servicing, use only identical replacement parts.

PRECAUTIONS AND REMINDERS

High voltages are used in the operation of this TV receiver. Do not remove the cabinet back from your set. Refer servicing to qualified service personnel.

To prevent fire or electric shock hazard, do not expose the TV receiver to rain or moisture.

Do not drop or push objects into the television cabinet slots or openings. Never spill any kind of liquid on the TV receiver.

Do not block the ventilation holes in the back cover. Adequate ventilation is essential to prevent failure of electric components.

Do not trap power cord under the TV receiver.

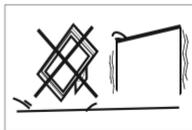

If you are going to clean the product, unplug the TV and use soft fabric with no water or chemicals.

Never stand on, lean on, or suddenly push the TV or its stand. you should pay special attention to children. Serious injury may result if TV falls.

Do not place TV on an unstable cart, stand, shelf or table. Serious injury to an individual and damage to the TV may cause.

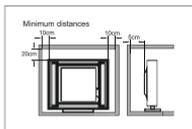

When the TV receiver is not used for an extended period of time, it is advisable to disconnect the AC power cord from power outlet.

Avoid exposing the TV receiver to direct sunlight and other sources of heat. Do not stand the TV receiver directly on other products which give off heat. Do not place naked flame sources such as candle on the TV.

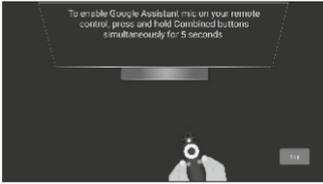

If the TV is to be built into compartment or similar enclosure, the minimum distance must be maintained. Heat build-up can reduce the life of your TV and can be dangerous.

OPERATING INSTRUCTIONS

The first time you turn on your TV, the setup wizard will guide you through setting up basic settings. Please finish the initial setup following on screen instructions.

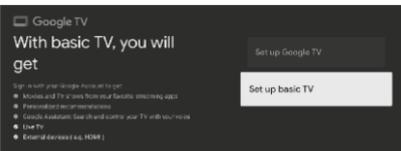

At first you need to pair your BT remote with the TV. Follow the instructions given on screen. Once the pairing is successful, you can use your BT remote to operate the TV.

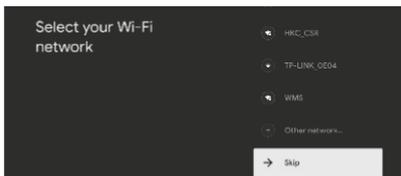

Press $\blacktriangle/\blacktriangledown$ to select the system language and press **OK** to confirm the desired language.

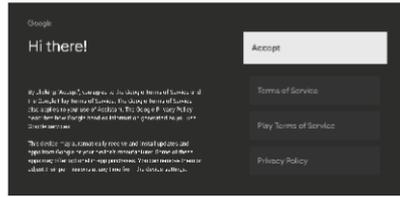

Press $\blacktriangle/\blacktriangledown$ to select the system language and press **OK** to confirm the desired language.

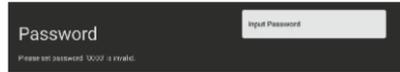

Press $\blacktriangle/\blacktriangledown$ to select "Set up basic TV" and press **OK** to complete the setup.

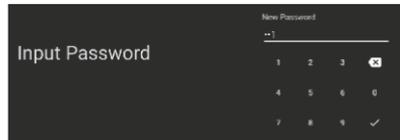

Press $\blacktriangle/\blacktriangledown$ to select the available WiFi networks and press **OK** to get connected to desired network. You will be asked to put in the password of the WiFi network.

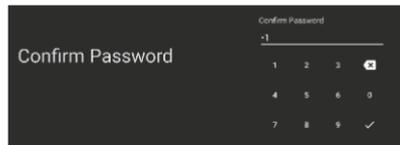

By accepting the "Google Terms of Service", you will be forwarded to the next step.

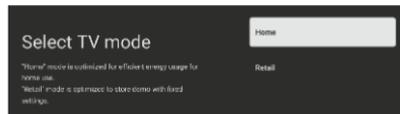

You can set the device password to ensure the security and privacy. Soft keyboard can be activated by pressing **OK** in the password input area.

From the input key board, set 4 digit password. After setting up the password you will be forwarded to next screen.

On this screen put in the same credentials to confirm the password.

Select the mode either "Home" or "Retail" by navigating $\blacktriangle/\blacktriangledown$ keys.

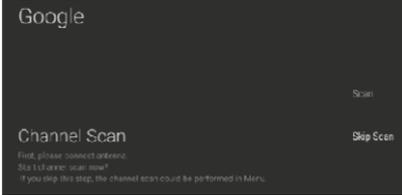

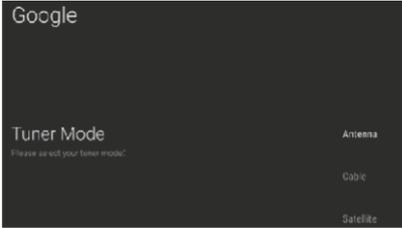

Navigate with $\blacktriangle/\blacktriangledown$ keys to select the option of choice for Chromecast feature.

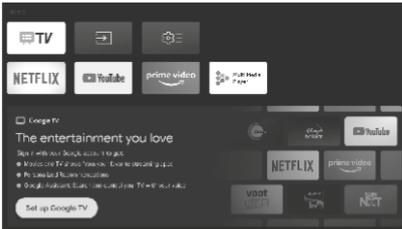

OPERATING INSTRUCTIONS

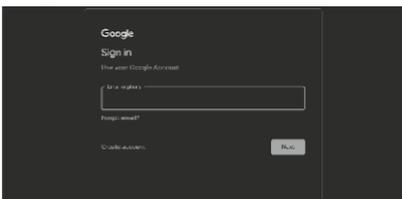

To select the tuner mode navigate with ▲▼ keys.

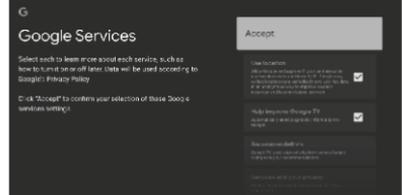

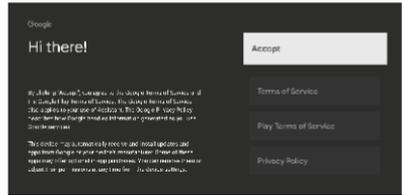

If selected antenna, you will now be forwarded to auto channel scanning screen. Use navigation key ▲▼ to "Scan" or "Skip" the operation.

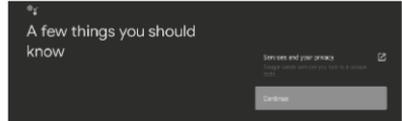

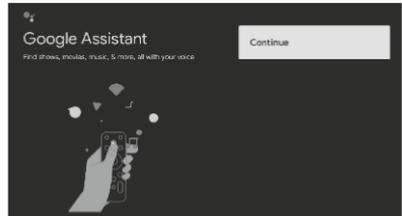

Once the initial set up is completed you can set up your Google TV from the home Screen by navigating to "Set up Google TV" using ▲▼ keys. Press "OK" to set up Google TV.

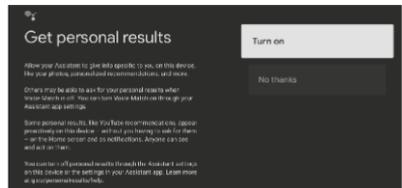

Sign in your Google account to continue set up.

TROUBLESHOOTING

Please make these simple checks before calling service. These tips may save you time and money since charges for receiver installation and adjustments of customer controls are not covered under your warranty.

| Symptoms | Items to Check and Actions to Follow |
|--|---|
| "Ghost" or double image | <ul style="list-style-type: none"> This may be caused by obstruction to the antenna due to high rise buildings or hills. Using highly directional antenna may improve the picture. |
| No power | <ul style="list-style-type: none"> Check if the TV's AC power cord is plugged into the outlet. Unplug the TV, wait for 60 seconds. Then reinsert plug into the outlet and turn on the TV again. |
| No picture | <ul style="list-style-type: none"> Check antenna connections at the rear of the TV to see if it is properly connected to the TV. Possible broadcast station trouble, try another channel. Adjust the contrast and brightness settings. Check the closed captions control. Some text modes could block the screen. |
| Good picture but no sound | <ul style="list-style-type: none"> Increase the volume level by pressing the VOL+ button on the remote control or on the keys provided on TV. Press the MUTE button on the remote control to ensure MUTE is disabled. |
| Good sound but poor color | <ul style="list-style-type: none"> Adjust the contrast, color and brightness settings. |
| Poor picture | <ul style="list-style-type: none"> Poor picture quality may occur when an activated S-VHS camera or camcorder is connected to your TV and other peripherals at the same time. Switch off one of the peripherals. |
| Snowy picture or noise | <ul style="list-style-type: none"> Check the antenna connection. |
| Horizontal dotted line | <ul style="list-style-type: none"> This may be caused by electrical interference (e.g. hair dryer, nearby neon lights, etc.) Turn off the equipments. |
| Television not responding to remote control | <ul style="list-style-type: none"> Check whether the batteries are working. Replace if necessary. Clean the remote control sensor lens on the TV. You can still use the buttons provided on TV. |
| Pixels (dots) that are always dark or always lit | <ul style="list-style-type: none"> Your TV is precision-manufactured using an extremely high level of technology. However, sometimes pixels may not display correctly. These types of occurrences are inherent to this type of product and do not constitute a defective product. |

E-WASTE GUIDELINE

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use return and collection system or contact retailer where the product was purchased. They can take this product for environmental safe recycling, as per e-waste Management and Handling Rules, 2011

Do's

1. Handover/Donate/Give the discarded electronic equipment only at the authorized collection centers.
2. Drop the discarded electronic equipment only in bins meant for electronic waste.
3. Ask the retailer about the take back schemes.
4. Consult the authorized service center whether the electronic equipment can be repaired or not, before discarding the same.
5. Tell your neighbors and other person about hazards of improper disposal or handling or improper recycling of electronic waste.
6. If the unwanted electronic equipment still works or can be repaired then consider donating them.
7. To minimize our impact on earth and to protect the environment for future generations return your discarded electronic equipments at authorized collections centers only.

Don'ts

1. The product should not be opened by the user himself/herself, but only by authorized service personnel.
2. The product is not meant for re-sale to any unauthorized agencies/scrap dealers.
3. The product is not meant for mixing into household waste stream.
4. Do not keep any replaced spare part(s) from the product in exposed area.
5. Any disposal through unauthorized agencies/person will attract action under Environment (Protection) Act 1986.

This product is complied with the requirement of Hazardous Substances as specified under Rule 13 (1) & (2) of the E-Waste (Management & Handling) Rules, 2011.

To locate a nearest collection centre, please contact Toll Free No. 1800-419-9999 / 1800-102-9999 for details. All collection centre are operated by third parties with Haier Appliances India Pvt. Ltd. Merely as a facilitator.

E WASTE TOXIC COMPONENT & THEIR DAMAGE TO HUMAN HEALTH

| Toxic Materials | Birth Defects | Brain Damage | Heart, Liver, Lung & Spleen Damage | Kidney Damage | Nervous/ Reproductive System Damage | Skeletal System Damage |
|-----------------|---------------|--------------|------------------------------------|---------------|-------------------------------------|------------------------|
| Barium | ✓ | X | X | ✓ | ✓ | ✓ |
| Cadmium | X | ✓ | X | X | X | X |
| Lead | X | X | ✓ | X | X | ✓ |
| Lithium | X | X | X | X | X | ✓ |

CUSTOMER WARRANTY CARD

Customer Name : _____

Address : _____

Date of Purchase : _____

Model Name : _____ Serial Number : _____

Dealer Seal and Signature : _____

HAIER APPLIANCES (INDIA) PVT. LTD. (here –in-after referred to as "the company" hereby offers the following warranty to the domestic purchaser commencing from the date of purchase.

| Warranty | | |
|------------|-----------|-------------------|
| Product | Period | Parts Not Covered |
| LCD/LED TV | 12 Months | Remote, Cabinet |

TERMS AND CONDITIONS :

- 1) The company will free of charge repair or replace any defective part or parts which prove to be defective in workmanship and / or material not due to abnormal or improper usage, at its sole discretion.
- 2) This warranty will automatically terminate on the expiry of the applicable warranty period from the date of invoice.
- 3) While the company will make every efforts to carry out the repairs as soon as possible, however the company is not liable for any delay in servicing due to reasons beyond control of the company or any of its authorized service centers.
- 4) It is entirely left to Company's discretion to repair/replace parts at the site of installation or at the authorized service center of the Company.
- 5) The warranty shall be strictly limited to the repairs or replacement of the defective parts specified in the warranty.
- 6) The parts shall be replaced by functionally operating equivalent material only and not with brand new ones and are likely to be different from the one originally fitted. The parts thus removed shall be taken back to company.
- 7) This warranty shall continue to be in force for the term herein specified, irrespective of what replacements may be provided under it, and such replacement shall not attract any fresh warranty.
- 8) The company reserves the right to retain any part or component replaced at its sole discretion during the warranty period.
- 9) The warranty shall not in any case extend towards payment of any monetary consideration whatsoever or replacement or return of the product.
- 10) In no event the Company or its authorized service center be liable for any consequential damages or resulting liability, damage or loss arising directly or indirectly out of any defect in the appliance.
- 11) During the period of additional / non comprehensive warranty, visit charges as applicable will be payable in addition to and fro charges.
- 12) Any change of location or change in the ownership during the warranty period must be intimated in writing to the Company.
- 13) The Company's employees or its authorized representatives or dealer/service franchise have no authority to vary the terms of this warranty.
- 14) The Company is not liable to provide the service support beyond 5 years after the end of manufacturing of the particular model of the product except in cases where the product is covered under warranty.
- 15) This warranty is effected in New Delhi and claims, if any, shall be made only before the courts having jurisdiction in New Delhi and no claim shall be made against the Company outside New Delhi notwithstanding that appliance may have been sold or delivered elsewhere.
- 16) This warranty is not valid in case of following events :
 - a) If the product has been installed/serviced/repaired/opened or tampered by any unauthorized personnel
 - b) If original serial number is removed or obliterated from the product.
 - c) If defects arise/caused by improper electrical circuit, major fluctuations in voltage, alteration, misuse, neglect, substitution of original components with spurious/non-genuine components, attacked by household pest/rodents, fire, flood, earthquake, lightning and/or any other accident or act of God/natural calamities.
