SET UP IN 2 HOURS

240Hz Ultra Smooth Premium QLED

Unmatched clarity with a 240Hz Premium QLED panel designed for ultra-smooth motion, sharper details and vibrant colours. Premium QLED technology delivers richer, more accurate colours, while enhanced contrast produces deeper blacks and greater depth in every scene. The 240Hz high refresh rate keeps fast-moving action smooth and clear, making it ideal for sports, movies and gaming.

240Hz ULTRA SMOOTH

94% DCI-P3 · 500 NITS

PREMIUM QLED PANEL

AI-Powered Room Acoustic Mapping

Using Artificial Intelligence, Vu’s Iconium AI Processor intelligently analyzes your room and adapts the sound output to your listening environment. The TV plays a quick test sound while the remote’s built-in microphone listens to how sound travels through the room. It then automatically fine-tunes the speaker output based on the room’s acoustic characteristics.

This intelligent acoustic optimization helps deliver clearer dialogue, balanced sound, deeper bass, and a more natural soundstage, creating a more personalized and immersive listening experience. Whether you’re watching movies, sports, TV shows, or listening to music, enjoy sound intelligently tuned to your room for a more engaging and cinematic experience.

AI ACOUSTIC TUNING

CLEARER DIALOGUE

PICTURE

240Hz HSR, VRR, ALLM, Game Mode

240Hz HSR with VRR & ALLM deliver smoother, sharper and more responsive visuals. Enjoy fluid motion with reduced blur and screen tearing, while ALLM automatically lowers input lag for faster, more precise gameplay and a clearer picture.

240Hz HSR

VRR + ALLM

GAME DASHBOARD

AI Picture, Intelligent Scene

AI enhances picture quality by improving black-level detail, optimizing contrast, and intelligently fine-tuning colours for sharper images, greater depth, and more lifelike, immersive visuals.

DOLBY DIGITAL PLUS

SURROUND SOUND

Built-in Powerful Subwoofer

Experience deeper, richer bass with a built-in powerful subwoofer designed to deliver impactful low-frequency sound without the need for an external subwoofer. Enjoy enhanced bass, powerful movie effects, and a more immersive audio experience while maintaining a clean and elegant TV setup.

- BUILT-IN SUBWOOFER
- DEEP, IMPACTFUL BASS
- NO EXTERNAL UNIT

SMART

Google TV with 2 x Bluetooth Voice Remotes — Cricket & Cinema Modes

Google TV brings movies, shows, live TV, apps, and personalized recommendations together in one easy-to-use interface. With two Bluetooth voice remotes, everyone in the family can enjoy greater convenience and flexibility. Cricket Mode optimizes picture and sound for sports, while Cinema Mode delivers a more immersive movie experience.
