

🗖 Google TV

4K ULTRA**HD**

The Hisense A65 series adds more picture quality enhancements for the perfect 4K fit for consumers looking for performance and value. With the addition this year of Wide Color Gamut technology with advanced phosphors and a 15% increase in brightness*, the A65K delivers a vibrant, colorful and detailed image. Game Mode Plus with variable refresh rate at 4K 60Hz and auto low latency mode keeps the A65 series on pace with next-generation game consoles. Dolby Vision HDR brings the cinema experience to your home and FilmMaker Mode reproduces movie content the way the director originally intended. In addition, the incorporated DTS Virtual:X technology provides a surround sound experience with crisp clear audio so the A65 sounds as good as it looks, creating an immersive viewing experience. And, with Chromecast built-in, you can share your favorite content from your phone, tablet or laptop to the big screen while the included voice remote makes searching and playing all your favorite content simple and seamless. Hisense continues to deliver leading technology and performance at an affordable price.

The entertainment you love. With a little help from Google. Google TV brings together movies, shows, live TV and more from across your apps and subscriptions and organizes them just for you. Discover new things to watch with recommendations based on what you watch and what interests you, from across your subscriptions and content available to you. Ask Google to find movies and shows, answer questions, control smart home devices, and more, with your voice. And with the Google TV app you can watch anywhere, anytime.

4K Ultra High Definition

4K resolution improves upon Full High Definition with 3840 x 2160 pixels. More pixels on the screen produces a clearer picture making content look more realistic and true-to-life. Combined with Hisense's AI UHD Upscaler, non-4K content will get enhanced to near-4K quality.

Wide Color Gamut

Utilizing advanced phosphor technology, the A65K is able to reproduce more shades of color accurately, greatly improving the color space and delivering vibrant lifelike images

Google TV

The entertainment you love. With a little help from Google. Google TV brings together movies, shows, live TV and more from across your apps and subscriptions and organizes them just for you.

Dolby Vision[®] HDR* and HDR10

Dolby Vision HDR brings the cinema to your living room. Discover how the brilliant colors and sharp details HDR10 is an HDR format that delivers HDR content via compatible over-the-air signals.

Game Mode Plus

Game Mode Plus is a collection of technologies that come together to create a dynamic gaming experience. A 60Hz panel, variable refresh rate, and auto low latency mode makes sure that the television can handle the rigors of next-generation gaming consoles.

Google Assistant*

Press the Google Assistant button on your remote to do more on your TV with your voice. Ask Google to search for the latest blockbuster, stream shows, or open multiplayer games. Have it dim the lights by connecting smart home devices. Manage tasks and see your calendar or ask it questions and see the answers on your TV.

Chromecast Built-in

Go from your phone, tablet, or laptop to your TV in an instant. With Chromecast built-in, you can cast all your favorite movies, shows, apps, games, and more directly to your TV.

DTS[®] Virtual: X[™]

This scalable and versatile advanced post-processing package creates immersive audio by virtualizing height content over traditional stereos.

Voice Remote

With the voice remote, you can open apps, adjust the volume, and search for your favorite shows using your voice. Just press the Google Assistant button on your remote to talk to Google.

Bluetooth[®] Connectivity

Wirelessly connect a compatible soundbar, headphones, or stereo components to your TV. Then turn it up. Sounds like your favorite playlists sound better.

Sports Mode

With sports mode's pre-set settings, the television automatically adjusts itself to optimize sports content. Motion is smoother and the color is adjusted for the best sports experience possible.
