

The Excellent Acoustics

Dolby Audio indulge you in multi-dimensional surround sound; just like roaming in the ocean of sound with pleasure.

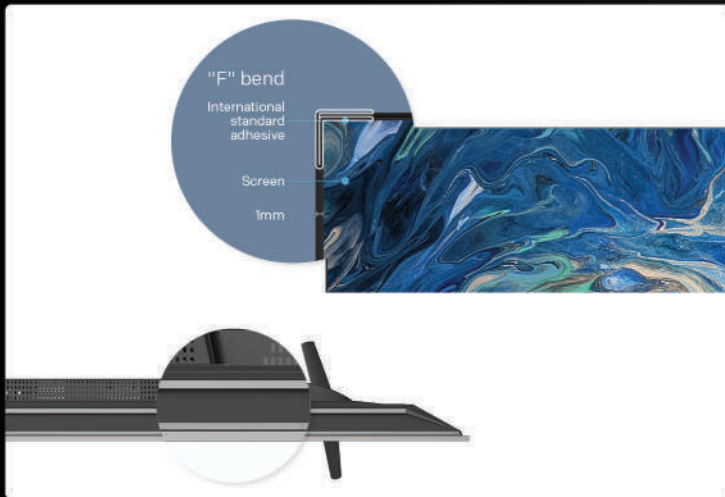

Boundless Screen 4.0

Expand Your Vision

Boundless screen 4.0 and "F" shape bending design make your TV more sturdy and durable, and the ultra-high screen-to-body ratio design provides you with a larger vision.

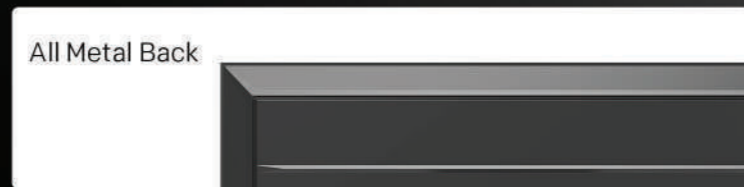

The "F" shape bending process makes the edge width only 1mm, more than 50% lower than other models, achieving ultra-high screen ratio and dustproof effect.

More nimble and elegant

Stronger and more durable

Personalize Your TV

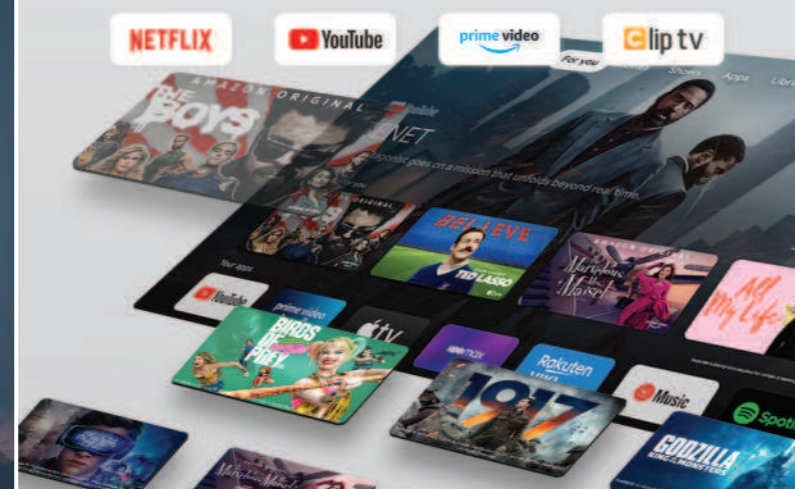

You can fully enjoy your favourite movies, music, games, applications and so on. Google TV helps you discover what you'd like to watch next based on what you have watched.

1 billion+ IOT equipment ecology 8000+ Apps 190+ Country

Enjoy the Resources as You Please

Here you can enjoy over 700,000 movies and TV series, and millions of songs. You can watch your favourite movies, and play your favourite music and games as you like.

Recreate Immersive Picture Quality

SKYWORTH's unique image quality improvement technology, STE6600 uses the Trochilus Extreme Image Engine to create a more vivid and colourful picture with a greater color depth and dynamic range for an immersive picture quality experience.

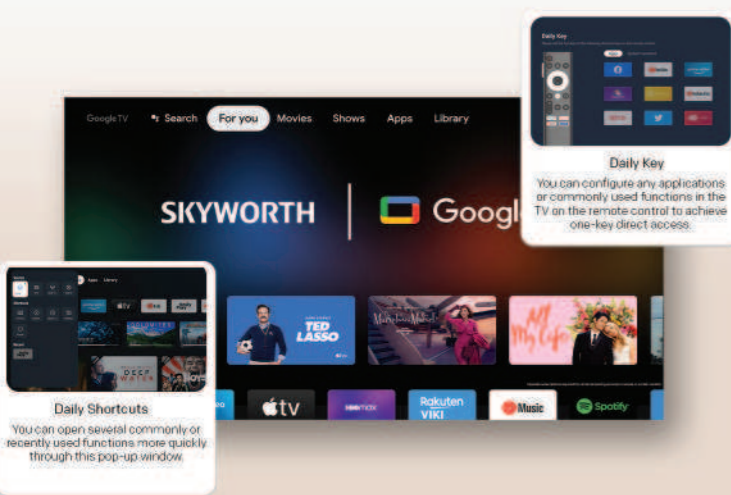

Restore True Color

Equipped with the image quality improvement technology of HDR10, SKYWORTH STE6600 provides you with a fresher blooming vision.

Simplify Your TV Operation

In addition to functions of the Google system, SKYWORTH STE6600 has a unique Daily Family module to meet more needs of our consumers.

Control Your TV Just With Your Voice

Search for shows, start Apps, even control your small home appliances. Just ask Google.

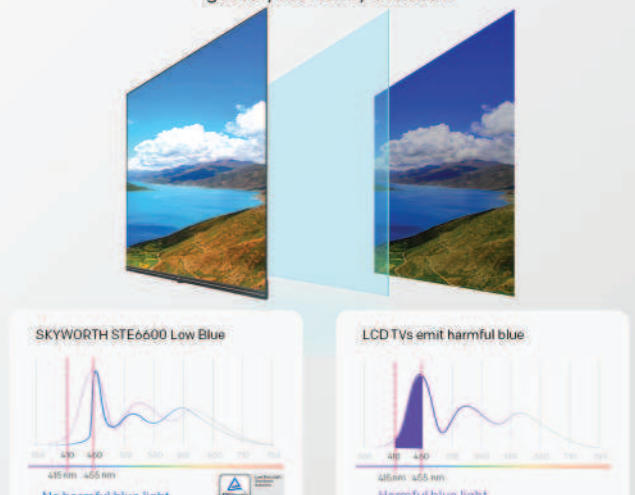

Achieve a Full-On Gaming Experience

With real-time data transmission and reduced system.

Perfect Your Viewing

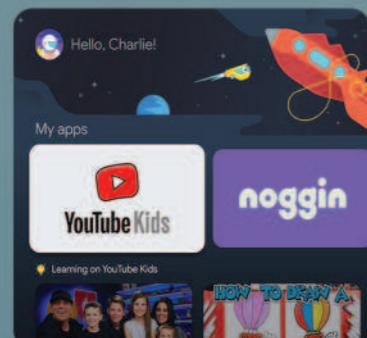

SKYWORTH STE6600 adopts special bulbs, which can effectively reduce the emission of harmful blue light in the 415nm-455nm band, to better guard your family's health.

01 Kids Care

A TV Made Just for Kids

Help you guide your kids to roam in an age-appropriate content space, and help auto-filter kid-friendly apps, movies and shows. Limit their time of watching TV and set bedtime easily.

02 Google Duo

Get Closer through Google Duo

With only several steps, a high-quality and face-to-face video chat with your friends and family through Google Duo can be achieved. *camera needs to be collocated separately.

03 Google Photos

A Place to Store Warm Memories

You can review memories among your devices through Google photos and make it easier to find the photos you need. Share your photos and memories with your family anytime on TV in your leisure time.

04 Chromecast built-in

Stream from Your Device

Easily cast movies, shows, photos, and more from your phone right to your TV.

Better Way to Enjoy Your TV Watching

Except for the screen flicker free and the low blue light, the night mode, eye-protection mode and auto-volume control mode can all provide you with a better way to enjoy TV watching.

Flicker Free, Eye Protection

Effectively avoid the harm from invisible flash and reduce screen flash by changing the dimming mode to guard your health.
